

MSc

in Health Care Management

Our Master of Science in Health Care Management Program uniquely combines business teaching with applied research. It equips you with skills and knowledge for a management career in the global health care sector.

The adult learner is self-directed. We strongly believe in a work-applied learning approach for this educational program. Knowledge and skills learned should be applied at the workplace.

Benefits

- ⇒ Practical - oriented
- ⇒ Global perspective
- ⇒ International, diverse student body

Admission Criteria

Motivated candidates should have a recognized Bachelor's degree and have at least 2 years of work experience in the health care sector. The program is conducted in English, therefore English language proficiency is a must.

Final Thesis

Students must write an individual thesis on a subject that is related to the health care industry. The project is conducted under the supervision of a lecturer and must be presented to the academic jury.
